Your team coach is giving up their precious time to train and coach your children each week! This is not a baby sitting service and you are expected to be there at all trainings and games to watch and help out where needed!

Coaches have so much to do each week and do not have the time on game days to setup diamonds and drag equipment over from the equipment shed. This is the responsibility of all parents on that team to ensure they help out where needed. Please speak to your coach and find out how you can help.

- Each team are to setup their own dugout with one large shade and two benches.
- Home team to setup diamond with bases and Tee from Game day bag. Also Scorers shade (small green shade) if needed.
- Parents please assist your coach with all diamond setup so they have time to train and get your kids ready for their game.
- After the game, if no games are to be played on your diamond, then all parents and players to help with pack up.
- Please make sure all equipment is packed away neatly inside the equipment shed. If the shades or equipment are wet please leave them standing up in the open position inside the shed to dry and they can be packed away during the week at training.
